

# Magnum Products offers a complete line of Standard & Extended Service Kits for Magnum Light Towers, Generators and Pumps

## Magnum Service Kits

Don't get stuck in the field without filters to keep your equipment running at full power. Magnum offers a full line of service kits for all of its Magnum Light Towers and Generators. Save time and money by ordering a service kit for all of your rental fleet. Your customers will appreciate the extra step you've taken to make sure they are capable of running at full power 24 hours a day, day in and day out.

Standard Service Kits include – oil filter, air filter and fuel filter.

Extended 2000 Hour Service Kits include: oil filters, air filters, fuel filters and belts.
